

ROCKIN' AROUND NEW MEXICO

GEOLOGY WORKSHOP

Critical Minerals, Volcanoes, and Earthquakes

JULY 10 - 12
2024

**A 2.5-Day Field and
Classroom** Geology
Workshop for
K-12 teachers

with an optional graduate credit through the
New Mexico Tech (NMT) Master of Science for
Teachers (MST) EDU- 5810

Rockin' is a workshop for certified, NM K-12 teachers who are interested in augmenting their understanding of geoscience. This workshop can be taken for professional development or for New Mexico Tech Master's in Science Teaching graduate credit. This year, we will be based out of Grants, NM and our workshop will explore the importance of critical minerals, the eruptive center of the Zuni Mountains, the New Mexico volcanic hazard assessment, earthquakes— and preparation for geology-related hazards. No previous geologic experience is necessary. Teachers should be able to walk one mile in arid conditions.

**SCHOLARSHIPS
AVAILABLE!**

For information about EDU-5810 Rockin' Around New Mexico and the Master of Science for Teachers program at New Mexico Tech, contact MST Coordinator Leslie Clark at (575) 838-3096 or email leslie.clark@nmt.edu.

To register for this workshop as professional development, please scan the QR code above or use this link: <https://forms.gle/zF3195we5jo114xS8>. If you have questions contact: Cynthia Connolly at (575) 835-5264 or cynthia.connolly@nmt.edu.

**Reimbursement is available to New Mexico
teachers for travel and lodging.**
