

EXPLANATION

SEDIMENTARY ROCKS

- Qal Alluvium
- Clv Lake Valley (?) limestone

IGNEOUS ROCKS

- Tag Andesite agglomerate
- Tr Rhyolite porphyry
- gn Andesite
- gn Fine- to medium-grained granite
- pGgr Medium-grained granite

Geological Symbols:

- 150 Fault, showing dip
- 57 Fluorspar vein and veinlets showing dip
- Vertical vein
- Pit, cut, or open stope
- D.D.H. 1 Diamond drill hole
- Claim monument

Geological Periods:

- Mississippian
- TERTIARY CARBONIFEROUS
- TERTIARY (?) TERTIARY
- PRE-CAMBRIAN (?) PRE-CAMBRIAN
- PRE-CAMBRIAN
- QUATERNARY
