## ROAD LOGS

FIRST DAY ROAD LOG FROM CIUDAD JUAREZ TO NUEVO CASAS GRANDES, VIA SIERRA DE JUAREZ, SIERRA BOCA GRANDE, ASCENSION, AND JANOS .....	1
SECOND DAY ROAD LOG FROM NUEVO CASAS GRANDES TO CHIHUAHUA, VIA PAQUIME, SAN BUENAVENTURA, MINA LA MOJINA, AND SUECO JUNCTION .....	17
THIRD DAY ROAD LOG FROM CHIHUAHUA TO CIUDAD JUAREZ, VIA ENGINILLAS BASIN, SUECO JUNCTION, VILLA AHUMADA AND SIERRA DEL PRESIDIO .....	29

## ARTICLES

HISTORY OF THE UNITED STATES-MEXICAN BOUNDARY SURVEY -18484955 .....		
CASAS GRANDES: A BYGONE METROPOLIS OF THE GRAN CHICHIMECA .....	Marjorie F. Lambert	56
SOME KEYS TO THE GEOLOGY OF NORTHERN CHIHUAHUA .....	Ronald K.	
THE "ALPINE BASIN AND RANGE PROVINCE" OF NORTH-CENTRAL CHIHUAHUA .....	Zoltan de Cserna	66
LOWER PALEOZOIC ROCKS IN THE EL PASO AREA .....	David LeMone	68
MICROFACIES OF PENNSYLVANIAN AND WOLFCAMPIAN STRATA IN SOUTHWESTERN CHIHUAHUA, MEXICO .....	James Lee Wilson, A. Madrid-Solis, and R. Malpica-Cruz	80
MESOZOIC STRATIGRAPHY OF NORTHEASTERN CHIHUAHUA, MEXICO .....	Diego A. Cordoba	91
AMMONITE ZONES OF NORTHERN CHIHUAHUA .....	Keith Young	97
GEOLOGY AND PETROGRAPHY OF THE CAMPUS ANDESITE PLUTON, EL PASO COUNTY, TEXAS .....	Jerry M. Hoffer	102
VOLCANIC HISTORY OF THE BLACK MOUNTAIN-SANTO TOMAS BASALTS, POTRILLO VOLCANICS, DOSTA ANA COUNTY, NEW MEXICO .....	Jerry M. Hoffer	108
PHOTOINTERPRETIVE MAPPING FROM SPACE PHOTOGRAPHS OF QUATERNARY GEOMORPHIC FEATURES AND SOIL ASSOCIATIONS IN NORTHERN CHIHUAHUA AND ADJOINING NEW MEXICO AND TEXAS .....	Roger B. Morrison	116

NOTES ON THE GEOMORPHOLOGY AND LATE CENOZOIC GEOLOGY OF NORTHWESTERN CHIHUAHUA	John W. Hawley	131
PLUVIAL LAKE PALOMAS, NORTHWESTERN CHIHUAHUA, MEXICO .....	C. C. Reeves, Jr.	143
LATE CENOZOIC STRATA OF THE EL PASO-JUAREZ AREA .....	William S. Strain	155
QUATERNARY SURFACES, SEDIMENTS, AND MOLLUSKS: SOUTHERN MESILLA VALLEY, NEW MEXICO AND TEXAS .....	Artie L. Metcalf	158
STRATIGRAPHIC STUDY OF THE SIERRA SANTA RITA .....	Ing. Jorge Tovar	165
STRATIGRAPHY OF SIERRA BANCO DE LUCERO, STATE OF CHIHUAHUA .....	José C. Guerrero	171
MESOZOIC STRATIGRAPHY OF SIERRA DE LA ALCAPARRA, NORTHEASTERN CHIHUAHUA, MEXICO .....	Rafael Rodríguez Torres	173
GEOLOGY OF SIERRA DE SAMALAYUCA, CHIHUAHUA, MEXICO .....	Edgar L. Berg	176
11 FACETS OF THE GEOLOGY OF THE SIERRA DEL PRESIDIO AREA, NORTH-CENTRAL CHIHUAHUA .....	Donald S. Webb	182
KEY OIL TESTS AND STRATIGRAPHIC SECTIONS IN SOUTHWESTERN NEW MEXICO .....	Frank E. Kottowski, Roy W. Foster, Sherman A. Wengerd	186
GEOLOGIC HISTORY AND THE EXPLORATION FOR OIL IN THE BORDER REGION .....	Sherman A. Wengerd	197
THE MANGANESE METALLOGENIC PROVINCE IN THE STATE OF CHIHUAHUA, MEXICO .....	Carlos and Luis García-Gutiérrez	205
ERRENATES MANGANESE DISTRICT, CHIHUAHUA, MEXICO.....	W. N. McNulty, Sr.	207
GROUNDWATER OCCURRENCE OF THE EL PASO AREA AND ITS RELATED GEOLOGY.....	Tom Cliett	209

IF HE DOESN'T CARE  
WHO GETS THE CREDIT.**

## PRESIDENT'S MESSAGE

On behalf of the Executive Committee and members of the New Mexico Geological Society, Inc., I welcome you to our Twentieth Annual Field Conference. The society is indeed honored and fortunate to be able to sponsor this tour in our neighboring State of Chihuahua.

Acknowledgment to the individuals and organizations who have contributed to the success of this field conference is made in the following messages and in the Guidebook texts. However, I would like to mention several people who have played particularly important roles in organizing this conference. First and foremost is William E. (Bill) King, our General Chairman. This tour of Northwestern Chihuahua has been Bill's labor of love for over two years. Without his pushing, prodding, words of encouragement, and just plain old hard work, this conference would not have been held.

Our editors, Diego Cordoba, Sherm Wengerd, and John Shomaker, have greatly assisted Bill in his task by compiling, and in part, creating, a guidebook that is as good as, and might even be better than, any of our previous guidebooks to the geology of New Mexico and adjacent areas.

The work of the Road Log Committee Chairmen, Roy Foster and Bob Weber, must also be especially acknowledged. The road logging for this conference involved some original geologic work, particularly in the volcanic range areas, in addition to compilation of a considerable amount of unpublished information furnished by our colleagues in various agencies of the Mexican Federal Government and the National and State Universities.

Finally, I want to acknowledge the contribution to the field conference that has been made by the West Texas

Geological Society, and particularly by L. W. (Dan) Bridges. The 1964 field trip of that group to east-central Chihuahua (W.T.G.S. Publication No. 64-50) in a real sense "broke the ice" and provided an inspiration and a mark to equal or exceed in terms of field conference organization and guidebook preparation. The two field conference guidebooks in no way represent a duplication of geological society efforts, and should be companion volumes on the bookshelf of any person really interested in the great international Border Region.

The "President's Message" is usually a place where past actions of the New Mexico Geological Society, Inc. are reviewed, and plans and hopes for the future are expressed.

Our twenty field conference guidebooks and other publications represent the fruits of many past labors by many people. The History of the New Mexico Geological Society, by Stuart A. Northrop, which 1970 members of the Society received at the conference registration, gives all the details of what we have done or have attempted to do.

As for the future, I expect that twenty more excellent field conference guidebooks will be prepared in the next twenty years. In addition, I expect to see the completion of geologic road logging of all major and many lesser highways in the State of New Mexico within the next several years. The newly elected slate of officers of the Society, demonstrates that our organization is a dynamic one in terms of new faces and ideas. The long-time Society stalwarts are always here to give the needed continuity to our operations, but ours is an up-and-going group, as is our profession, and new wine is needed to keep old skins in shape.

John Hawley

## SOME COMMENTS BY THE GENERAL CHAIRMEN

Whether it will become apparent or not in the next three days, this Field Conference has been in preparation for over two years. Many problems not common to field trips in the United States have had to be solved. The cooperation of the Instituto de Geologia, Pal-Oleos Mexicanos and Secretaria de Recursos Hidraulicos, as well as the aid of many individual Mexicans, has been invaluable.

The Conference will be beneficial to geologists of both nations in the understanding of the geology of the Border Region. It is our hope also that many lasting friendships will be fostered.

May we ask each of you to do in Mexico as the Mexicans do . . . relax. There will be malfunctions during the Conference, there is no doubt of that, but please accept these minor difficulties in good spirits. As a matter of fact, if you do not have a sense of humor, you probably should not beon this Conference. You will find the Mexican scientists a charming people who, while they do not necessarily have

the same compelling and possibly idiotic sense of urgency as North Americans do, accomplish very sophisticated scientific work and organize their resources very efficiently.

If the coverage of some aspects of the geology is less than adequate, remember that Chihuahua is relatively virgin territory, and little is known about some parts of this beautiful region.

Finally, we will say that if we had the task of being General Chairmen of a Mexico field conference to do again, we would.

Bienvenidos A Chihuahua y feliz viaje!

Bill King John  
Hawley

## A CO-EDITOR'S LETTER FROM MEXICO

Sr. John W. Hawley  
 Presidente de la Sociedad  
 Geologica de Nuevo Mexico  
 Presente.

Estimado John:

Por fin hemos terminado la ediciOn del vigesimo Libro Guia de la Conferencia Anual de Campo. Creeme que la labor de editor en un trabajo de esta envergadura no es nada sencilla y en ocasiones es cansada, pero puede llegar a ser agradable, como en este caso, cuando se ha tenido una colaboraciOn, tan amplia de toda la Mesa Directiva de la Sociedad Geologica de Nuevo Mexico. Creo que la Sociedad puede, una vez mas, estar orgullosa de la calidad de este libro Guia, no solo por los trabajos que contiene, sino por su presentaciOn y principalmente por su significado.

Los geologos mexicanos que hemos colaborado en la ediciOn, preparaciOn y en la presentacion de trabajos geologicos en este Libro Guia, estamos orgullosos de la labor realizada por la Sociedad Geologica de Nuevo Mexico, al lograr la integraciOn de una serie de estudios cientificos en la zona fronteriza. Este esfuerzo debe servir como ejemplo para otras organizaciones, tanto mexicanas como norteamericanas.

Estoy seguro de que una vez mas, nuestra Conferencia de Campo sera un exito.

Tu amigo,

Diego A. Cordoba Co-  
 Editor (Mexico)

## OBSERVATIONS BY A CO-EDITOR

Appropriately enough, this Guidebook for the 20th Field Conference is one of the most comprehensive yet published by the New Mexico Geological Society, and, although the articles cover a large segment of the Border Region of northern Mexico and the southwestern United States, the entire trip is in Chihuahua, our first conference entirely outside the United States! Always a large state filled with big enterprising people, Chihuahua has produced a great part of the mineral wealth of Mexico and has nurtured some of Mexico's most dedicated revolutionaries in that country's fight for freedom. The political stability and financial acumen of this fast-growing Republic allow one now to turn the coin around and call Mexico today a veritable "Colossus of the South."

Many authors, committee members, and field trip leaders have done the considerable amount of work represented by this Guidebook and the field conference. Errors there no doubt are, for production of such a Guide involving diverse authors from two different countries (including Texas!) is a long involved process. Nonetheless, and perhaps in misplaced apology, the editors have given authors almost completely free rein in presenting the results of their work. Editors are seldom well-enough versed in all facets of geology, hence care was exercised not to challenge their many diverse opinions or to "play" judge without having done all of the geological work. If some authors have taken what to you look like untenable positions in their papers, challenge them on the trip, at *the* microphone. I can assure you that some authors will challenge each other! Much discussion, vigorous defense, offensive sallies, downright arguments short of fisticuffs, and new observations are sought in this Conference, so let's have at it, with vigor!

Ouien no se atreve, no pasa el mar.

Sherman A. Wengerd Co-  
 Editor ( United States )

## FIELD TRIP LEADERS

The men who will lead this three-day field conference include: Roger Morrison, C. C. "Tex" Reeves, Co-chairman John Hawley, Co-editor Diego Cordoba, William Strain, Jorge Tovar, Robert Weber, Carlos Garcia-Gutierrez, David LeMone, Donald Webb, Jose Guerrero, Edward Berg, Harold James, Roy Foster, Luis Caire, Jerry Hoffer, Alejandro Solis, and your conference General Chairman, William King. There may well be others, among them such hecklers as Jim Wilson, Dan Bridges, Frank "Irish" Kottowski, Santiago Reynolds, Sherm Wengerd, Zoltan de Cserna, Keith Young, Larry Werts, and Ron DeFord. You may see almost all of these names also as author, committeeman, road-logger, or editor; but this is not a closed corporation, and every conference

participant who has observations to make will be handed the microphone upon request, volume turned up LOUD! The field trip leaders may even allow some of the officers of the New Mexico Geological Society to have a word or two. Last, possibly least, but never on purpose, if we've left any field trip leader out of the list, below is a prominent blank space designated specifically so that every conference participant who adds to the success of this trip can write his name in his own Guidebook!

## COMMITTEES

### EXECUTIVE COMMITTEE

John W. Hawley, <i>President</i> .....	U.S.D.A., Soil Conservation Service
Charles E. Chapin, Vice President .....	New Mexico Institute of Mining and Technology
Robert A. Bieberman, Secretary .....	New Mexico Bureau of Mines and Mineral Resources
Jerry Jackson, Treasurer .....	Kerr-McGee Corporation
William E. King, Past <i>President</i> .....	New Mexico State University

### FIELD CONFERENCE COMMITTEES

William E. King, General Chairman .....	New Mexico State University
John W. Hawley, Co-Chairman .....	U.S.D.A., Soil Conservation Service

### GUIDEBOOK

Diego Cordoba, Co-Editor (Mexico) .....	Instituto de Geologia, Mexico
Sherman Wengcrd, Co-Editor ( <i>United States</i> ) .....	The University of New Mexico
John Shomaker, Production Editor .....	New Mexico Bureau of Mines and Mineral Resources

### ROAD LOGGING

Roy Foster, Chairman .....	New Mexico Institute of Mining and Technology
Robert Weber, Co-Chairman .....	New Mexico Institute of Mining and Technology

### ASSISTED BY:

Diego A. Cordoba .....	Instituto de Geologia, Mexico
Jorge Tovar .....	PetrOleos Mexicanos
Jose Guerrero .....	Instituto de Geologia, Mexico
Rafael Rodriguez .....	Instituto de Geologia, Mexico
Frank Kottlowski .....	New Mexico Institute of Mining and Technology
John W. Hawley .....	U.S.D.A., Soil Conservation Service
William E. King .....	New Mexico State University
Edward Berg .....	University of Texas
Donald Webb.....	University of Texas
Sherman Wengerd .....	University of New Mexico
Harold James .....	New Mexico Highway Commission
Dominic Amari .....	University of Tennessee

### PHOTOGRAPHY

Harold James, Chairman .....	New Mexico Highway Commission
------------------------------	-------------------------------

### SKETCHES

Andrew Alpha .....	Mobil Oil Corporation
--------------------	-----------------------

REGISTRATION

Rex Peterson, Chairman ..... New Mexico State University  
 ASSISTED BY:  
 William Seager ..... New Mexico State University  
 Russell Clemons ..... New Mexico State University  
 Mrs. Richard Dixon ..... New Mexico State University

ADVERTISING

Larry Werts, Chairman ..... Kerr-McGee Corporation  
 ASSISTED BY:  
 Marion Spitler ..... El Paso Natural Gas Co.  
 Shirley Sutton ..... Kerr-McGee Corporation  
 Fred Fallis ..... Kerr-McGee Corporation

PUBLICITY

Harold James, *Chairman* ..... New Mexico State Highway Commission  
 ASSISTED BY:  
 Robert A. Bieberman ..... New Mexico Bureau of Mines and Mineral Resources

FINANCE

Jerry Jackson ..... Kerr-McGee Corporation

TRANSPORTATION AND ARRANGEMENTS

Santiago Reynolds ..... Petróleos Mexicanos  
 Alonzo Mendoza ..... New Mexico State University  
 William Wallace ..... New Mexico State University

TECHNICAL ASSISTANCE

Arsenio Navarro ..... Petróleos Mexicanos  
 Mobile Sound Equipment ..... WELEX, a Division of Halliburton  
 Beverages, en route ..... Schlumberger

- Mexico], 1967, Fred Trauger, ed, 228 p., 98 illus. \$9.00
19. San Juan-San Miguel-La Plata Region [New Mexico and Colorado], 1968, John Shomaker, ed. .... \$9.00
20. The Border Region [Chihuahua and the United States], 1969, Cordoba, Wengerd, Shomaker eds. .... \$13.50

### SPECIAL PUBLICATIONS

1. Bibliography and index of the New Mexico Geological Society Guidebooks, 1950-63; compiled by Sidney R. Ash. .... \$0.75
2. A history of the New Mexico Geological Society; by Stuart A. Northrop. In preparation.
3. The San Andres Limestone: a reservoir for oil, gas and water . . . [a symposium]; F. E. Kottlowski and W. K. Summers, eds. .... \$3.00

### MAPS

- a. Geologic highway map of New Mexico, in color, 23x29 in.; compiled by Frank E. Kottlowski and others. .... \$1.00 folded; \$1.25 rolled.
- b. Geologic map of the Sierra County Region, compiled by Vincent C. Kelley; in Guidebook 6. .... \$0.50
- c. Geologic map of the Rio Chama country; compiled by Clay T. Smith and William R. Muehlberger; in Guidebook 11. .... \$0.50
- d. Geologic map of the Albuquerque country; compiled by Stuart A. Northrop and Arlette Hill; in Guidebook 12. .... \$0.50
- e. Tectonic map of the Ruidoso-Carrizozo region; compiled by V. C. Kelley and Tommy B. Thompson; in Guidebook 15. .... \$0.75
- f. Tectonic map of the Defiance-Zuni-Mt. Taylor region; compiled by V. C. Kelley; in Guidebook 18. .... \$1.50

### ROAD LOGS

- Set of nine entry and exit road logs to supplement Guidebook of the Ninth Field Conference. .... \$1.00
- (a) Albuquerque to Gallup (N.M.) and return.
  - (b) Mountainair to Correo (N.M.) and return.
  - (c) Gallup (N.M.) to Cortez (Colo.) and return.
  - (d) Socorro (N.M.) to Holbrook (Ariz.) and return.

- (e) Globe to Showlow and to Sanders (Ariz.) and return.
- (f) Monticello (Utah) to Tuba City (Ariz.) and return.
- (g) Kingman via Grand Canyon Junction to Flagstaff (Ariz.) and return.
- (h) Flagstaff to Prescott (Ariz.) and return.
- (i) Gap Trading Post (Ariz.) to Kanab (Utah) and return.

All publications are available by mail (please add 25 cents for postage and handling each guidebook) from, or over the counter, at the New Mexico Bureau of Mines and Mineral Resources, Socorro, New Mexico. Guidebooks, and the geologic highway maps are available over the counter at the Dept. of Geology, Univ. of N. Mex., Albuquerque; Holmans, Albuquerque; Roswell Map Service, Roswell; and the Museum of Northern Arizona, Flagstaff, Arizona.

Checks should be made payable to the New Mexico Geological Society.

Mt. Riley, and lava flows and plugs of West Potrillo Mountains. Organ Mountains in right distance. Air photo NE from 8000 feet by Sherman A. Wengerd.

## SCHEDULE OF CONFERENCE

### Wednesday, October 22 — *Registration Day*

9:00 A.M.-10:00 P.M. Registration in lobby of Camino Real Hotel, Juarez, Mexico. Early breakfast tomorrow is on you.

### Thursday, October 23 — *First Day Field Trip*

7:30 A.M.-8:00 A.M. Caravan buses assemble at Camino Real Hotel, Juarez, Mexico. Departure time 8:00 a.m. (Sharp, it says here!) Late pre-registered arrivals check with Bill King.

Lunch, Stop 2, Camel Mountain Escarpment. (Who knows when? Or what?)

Barbecue at Motel El Ranchito, Casas Grandes, late p.m. (After the necessary pre-prandial dust-cutting refreshments.)

### Friday, October 24 — *Second Day Field Trip*

7:30 A.M.-8:00 A.M. Caravan buses assemble at Motel El Ranchito, Casas Grandes; departure time 8:00 a.m. sharp, *after* an early breakfast.

Lunch stop somewhere between Buenaventura and Mina La Mojina around the middle of the day (maybe!)

Banquet, and cocktail hour or two, at 8:00 p.m. (or later), Hotel Feffftetit-, Ciudad Chihuahua. Banquet speaker will be Ing. Guillermo P. Salas. "Big Bill," formerly Director of the Mexican Geological Institute, and that famous torero of the 1968 G.S.A. Convention in Mexico City, was General Chairman of that convention, and is now with Recursos Minerales Non-renovables.

### Saturday, October 25 — *Third Day Field Trip*

7:30 A.M.-8:00 A.M. Board buses near Hotel Fermont ready to leave at or near 8:00 a.m. after breakfast at the hotel.

Lunch stop mile 143.2, placita at Villa Ahumada at high noon. A box lunch—just like yesterday—and the day before.

Late afternoon arrival at Camino Real, Ciudad Juarez, after a great exploratory tour of northern Mexico. Dinner on you and don't forget your car!
