

New Mexico Bureau of Geology  
Adjunct Researcher Appointment Guidelines  
January 3, 2017, modified November 28, 2017

**Benefits offered to the adjunct researcher**

- Encourage to spend time at the NMBGMR, and provided with an office (space permitting) and internet connection when visiting.
- Professional development through interaction with NMBGMR staff
- Provided with New Mexico Tech email account
- Included on all NMBGMR email communications, if desired
- Invited to all NMBGMR professional meetings and social events
- Involvement in NMBGMR research projects
- Opportunity to have co-investigator status on NMBGMR proposals

**Benefits offered by the adjunct researcher**

- Professional interactions with NMBGMR staff
- Liaison between the adjunct researcher's home organization and the NMBGMR
- Involvement of NMBGMR researchers in research projects, and proposals submitted by the adjunct researcher's home organization

Adjuncts will be expected to maintain an active connection to NMBGMR research, service, and/or outreach activities, and adjunct appointments will be reviewed on a yearly basis.
