Saturated thickness of the Ancha Formation, 2000 to 2005 Conditions
Open File Report 580
Plate 3
December 2012
Peggy S. Johnson, Daniel J. Koning, and Brigitte Felix

Control wells (Table 2)
- Depth (ft)
- Saturated thickness (ft)
- Date/Location

Historic data (Table 3)
- Year
- Saturated thickness (ft)
- Spring

Legend
- Isocontour
- Extent of Ancha Fm.
- Area of Ancha Fm.
- 50' contour interval

Groundwater wetlands (Deks, 2012)
- Adjacent to groundwater flow stream
- Saturated in per-hill side

Stream
- Surface and stream
- Paranormal stream, 2007

Patent key trend
- From subsurface data
- From outcrop mapping
- Depresses included
- Location uncertain

Note: Data from United States Geological Survey, 2007.
