

Curriculum vitae

Adam S. Read

New Mexico Bureau of Geology & Mineral Resources
2808 Central SE, Suite 127
Albuquerque, N.M. 87106

[505] 366-2533
Adam.Read@nmt.edu

Education

Master of Science in Geology: University of New Mexico August 1997
Thesis title: “*A mid-crustal cross section from the Rincon Range, northern New Mexico: Evidence for 1.68 Ga pluton-influenced tectonism and 1.4 Ga regional metamorphism*”

Bachelor of Science in Geology, *cum laude*: University of New Mexico May 1989

Awards

New Mexico Geological Society – Honorary Member Sept, 2013

Contributing author for: The Geology of Northern New Mexico's Parks, Monuments, and Public Lands, L. Greer Price, editor, 2010 *which won the*: 2011 Southwest Book Design & Production Award Winner for Guide and Travel 2011

NASA JSC Group Achievement Award, presented to the ASCAN Geophysical Training Team May, 2010

Lyndon B. Johnson Space Center – Group Achievement Award Dec, 1999

Teaching Assistant of the Year Award: University of New Mexico 1996/1997

Geology Alumni Scholarship: Department of Earth & Planetary Sciences, University of New Mexico 1995 & 1996

Research, Preparation, and Travel Grant: travel expenses for geochronologic research at the Massachusetts Institute of Technology, Office of Graduate Studies, University of New Mexico Fall 1995

Grant in Aid: for expenses related to research in the Rincon Range, New Mexico Geological Society 1995

Excel Scholarship: University of New Mexico 1984 to 1988

Short Courses & Workshops

Cyberinfrastructure Summer Institute for Geoscientists (CSIG), San Diego Supercomputing Center, UC San Diego. August 10-14, 2009

Geological Society of America Short Course, Digital Mapping Methods: Accurate Digital Data Capture and Analysis for the Field Geoscientist, Denver CO. Fall, 1999

Work History

Geologist / Webmaster

Sept. 02 to present

— *New Mexico Bureau of Geology & Mineral Resources:*

- Field geologic mapping of numerous 7.5-minute quadrangles, regional geologic map compilations, topical geologic problems.
- Maintenance of the Bureau web servers and web pages
- Develop and revise web content, interact with other staff who provide web content, make web pages accessible by using open standards (CSS)

Senior Geological Lab Associate

Aug. 1998 to Sept. 02

— *New Mexico Bureau of Geology & Mineral Resources:*

- Field geologic mapping and compilation of several 7.5' quadrangles including: Sandia Crest, Tijeras, Placitas, Seton Village, Santa Fe, and Pecos.
- Improvement and development of an ArcView GIS system for New Mexico oil and gas pools.
- Implementation of an internet map server and associated web pages that allow online access to the oil and gas pool map GIS as well as sample locations and mineral districts.
- Maintenance of web servers and web pages

Geologic Mapper

Jun. 1997 to Aug. 1998

— *New Mexico Bureau of Mines & Mineral Resources:*

- Contract field geologic mapping and map compilation of faulted Paleozoic rocks within the Sedillo, Tijeras, and Sandia Crest quadrangles, north-central New Mexico (1997). Continuing work on the Sedillo and Sandia Crest quadrangles in addition to new work on the Tesuque quadrangle (1998).

Editorial Assistant and Graphic Artist

Jan. 1998 to Mar. 1998

— *Rocky Mountain Geology:*

- Coordinated scientific journal reviews and revisions with authors, editor, and publisher. Created computer-drawn technical illustrations and produced a web site for a collaborative research project.

River Guide & Interpreter

Mar. 1996 & Jun. 1997

— *Cerro Alto Geological Consultants:*

- Boatman and geologic interpreter guiding university groups interested in the geology of the Lower Granite Gorge of the Grand Canyon.
- Responsible for setup and safety of rope systems for group canyoneering hikes.

Teaching & Research Assistant

Aug. 1994 to Jun. 1997

— *University of New Mexico:*

- Assisted with an introductory-level undergraduate field geology course.
- Taught undergraduate structural geology labs: prepared assignments, delivered lectures, and assisted on field-project trips.
- Teaching assistant for Advanced Field Geology classes: mapped with students and assisted them in interpreting problem areas. Helped students organize individual research projects and presentations.
- Taught introductory geology laboratory classes.
- Research Assistant: study of New Mexico Proterozoic structural evolution and metamorphism.

Emergency Medical Technician (EMT)

Mar. 1994 to Feb 1995

— *Albuquerque Ambulance Service:*

- Responded to medical emergency 911 calls and non-emergency inter-hospital patient transfers.

Geologist

Jan. 1, 1990 to Aug. 15, 1993

— *Santa Fe Pacific Mining:*

- Produced digital maps, cross sections, and graphics from down-hole and surface geochemical data.
- Digitally compiled geologic maps.
- Developed a CAD-based gold-ore-reserve modeling system that interfaced with mine-planning software using a relational database.
- Programmed a sample database application and maintained a large collection of mine sample data..

Rock Climbing Instructor

Aug. 1988 to May 1990

— *University of New Mexico:*

- Taught 16 week courses in basic and intermediate rock climbing to classes of 12-24 students. Developed the curriculum for the rock climbing course at UNM.

Ropes Course Technician

Aug. 1988 to Dec. 1993

— *University of New Mexico Confidence Course:*

- Designed, built, and maintained a high ropes course and ran groups of people through the course. Participants were asked to overcome obstacles which required group interaction and teamwork.

Other Presentations

- Fall, 2016 — I co-lead two American Institute of Professional Geologists (AIPG) field trips, one to Sandia Crest via the Sandia Tramway and another to the Pecos-Picuris fault in Deer Creek Canyon
- Fall, 2016 — I gave a presentation on the science of geology and the geologic history of NM for the Bernalillo County Master Naturalist Program at the Tijeras Ranger Station/Tijeras Pueblo Ruin. About 50 people attended the hour-long presentation followed by a map and hand-sample show-and-tell session.
- Spring 2015 — Dan Koning and I led a fieldtrip to various Santa Fe Group outcrops for the Espanola Basin Technical Advisory Group. About 50 people attended. The focus of the fieldtrip was understanding the provenance of sediments and the geologic evolution of the basin, particularly as these relate to water resources.
- June 6, 2010 — Lecture on the “History and principles of geology and overview of the geologic history of NM” for the Bernalillo County Master Naturalist Program.
- Fall 1999 — The Santa Fe Geological Society invited me to be a principal speaker for a fieldtrip to the Picuris Mountains and Taos.

Peer Reviews
